Value Time[®], Increasing Audit Value Time[®], Decreasing Audit Cost Time[®] and Annual Audit Planning Model[®]. These models connect all 48 individual elements of the value enablers and the two value drivers, and shows the relationships between the individual building blocks in the audit function strategy model.

PART II: Audit Function Value Drivers
Part II proves that *Audit Value* and *Audit Cost* are the primary audit added value drivers of the audit function. In two chapters, efficient, effective and practical guidance is provided to maximise the added value of each subject.

PART III: Audit Function Value Enablers
Part III presents the six most significant value enablers for the audit function: *Audit Charter*, *Understanding the Business and Company*, the *annual audit plan*, *coordination*, *reporting*, and *performance management*. In six chapters, practical guidance is provided to maximise the value of each subject.
