#Jenny

Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

Neuron Structure
What are the different parts of a neuron?

What?
In the diagram, label the following parts of a neuron: cell body, dendrites, axon, myelin sheath, and axon terminals.

Model 1 - Parts of a Neuron

1. Model 1 is an illustration of a neuron. Label each of the neurons in the diagram with the following structures:

Cell body	Axon
Dendrites	Myelin sheath
Axon terminals	

2. What are the main parts of a neuron? (Label 1 neuron, complete the table below with the main parts of a neuron.)

The dendrites receive the signal.

3. How does the signal travel through the neuron? (Label 1 neuron, complete the table below with the main parts of a neuron.)

Signal travels through the neuron.
